Obituary

Dr. Thomas's lived by the philosophy of "rolling up his sleeves" and jumping right in and worked with the corporate sector, church, and community by utilizing his previous corporate sales, administration and management experience to make great things happen. Although gifted in many areas such as ,motivational speaking, carpentry, estimating, drafting, engineering, and building development for residential and commercial, he was particularly gifted in community rehabilitation and development. Although Dr. Thomas had been self employed as well as employed and contracted by such organizations and corporations as: City of Oakland Redevelopment Agency (Engineer), Prudential, Mutual Of Omaha, Bechtel Corp, Experimental Group Young Peoples Theatre, EGYPT CO., no company could give him the level of satisfaction he received by working for God's Kingdom.

Some of the organizations he helped include: Bible and secular Schools, Hospitals, Medical Clinics, Homeless programs, manufacturing plants, machine shops, restaurants, window and floor covering companies, mortgage and real estate companies, insurance companies and agencies and public and private agencies, all for the glory of God.

“To My Loving Husband...

Thank you for sharing over fifteen years of your life with me. I'll always remember the countless hours we spent just lying down and talking, planning and loving each other, the precious hours we spent laughing, praying and the time we spent studying together at Grand Canyon University.

I thank God for allowing us to have our son Jonathan so that your name will go on for many years to come. I promise to take good care of our six children. My love for you will never die; I will continue my walk with the lord according to His plan for my life, until I meet you on the other side.

Rest in peace my love!”
